## Arizona Lottery Gives Back

### ARIZONA LOTTERY IN ACTION: SUPPORTING ART HEALS

Giving back to Arizona means supporting our communities through both critical funding and hands-on dedication. We currently have a \$100,000 partnership with Art Heals to support their programming and ensure they have the resources needed to continue serving Arizonans. Last month, the Arizona Lottery team visited our partners at Art Heals to lend a helping hand and see their vital work up close.

Art Heals does incredible work using creative expression to foster wellness, connection, and healing, and we were honored to spend the day volunteering alongside their team. A big thank you to all the wonderful staff members who took the time out of their busy schedules to volunteer, share their passion, and support this great cause!

## In the Community

### ENGAGING WITH LOCAL ENTREPRENEURS WITH THE STATE FORTY EIGHT FOUNDATION

The State Forty Eight Foundation recently hosted their entrepreneurship event, Beyond Business: The Money Playbook, and the Arizona Lottery team was thrilled to join them. This initiative brings together local business leaders, creators, and innovators to share knowledge, foster financial literacy, and build sustainable economic growth across Arizona.

We joined the foundation at the event to share how the Arizona Lottery actively gives back to support statewide business and economic development. To bring some extra energy and interactivity to the venue, we engaged with attendees using our popular Arizona Lottery claw machine, giving away custom merchandise and creating a fun, interactive experience. We are happy to be a part of the community as these passionate entrepreneurs grow within our state.

Stay tuned for future events, follow us on social media, or visit our [events webpage](#) to see where we'll be next and how you can join the fun.

## Thought Leadership

### SETTING THE STANDARD: WHAT OUR RESPONSIBLE GAMBLING CERTIFICATIONS MEAN FOR ARIZONA

While record jackpots and strong sales are vital to our mission of funding public programs, long-term sustainability is defined by how safely and ethically those revenues are generated.

We are proud to share that the Arizona Lottery has officially achieved Level 2 Certification from the World Lottery Association (WLA) and has been deemed compliant with the NASPL/NCPG Responsible Gambling Framework. Securing these credentials demonstrates that maximizing revenue for the public good and protecting our community are completely inseparable goals.
