## FY2026 - Sales Review

### Quarter 3 Review - July 2025 through March 2026

#### **Vending Machine Sales (Appendix D)**

Total vending machine sales through the third quarter of FY26 was \$655,386,130, an increase of 13.99% over FY25 sales of \$574,954,989. Currently, 2,070 machines are installed at retail locations compared to 2,081 in FY25. The machine count dropped because existing machines are being pulled from the market for rewrapping and refurbishment before being redistributed. This swap and upgrade process has caused a temporary fluctuation, with numbers expected to rebound starting next quarter. Despite this, the average sales per unit increased to \$33,762 versus \$31,741 in FY25. FY26 sales from vending machines represented 56.54% of total sales, an increase from 55.79% in FY25.

Chain accounts represented 78.81% of total vending sales in the third quarter of FY26. QuikTrip leads all chain accounts with average unit machine sales of \$453,557. Followed by Safeway at \$431,198 and ALBERTSONS at \$425,098.

The new monthly out-of-stock goal for FY26 is 4.9%. We achieved that goal in all three months of the quarter with averages of 4.72% in January, 4.62% in February, and 4.77% in March. The overall average for the third quarter of FY26 was 4.7%, up from 4.61% in FY25. The top three chains with the most improved out-of-stock percentages include: Smith's Food & Drug improving by 2.58%, Circle K improving by 1.19%, and Food City improving by 0.61%. The sales team will continue to focus on vending out-of-stocks in FY26.
